

Application form for funding of proposed projects

2009 - 2010 funding round

PURPOSE OF THE WAIRAKEI ENVIRONMENT MITIGATION CHARITABLE TRUST

The Trust was established to facilitate the enhancement, protection of and research for the protection and enhancement into:

- ✓ the variety of the geothermal characteristics within the volcanic plateau geothermal resource located within Environment Waikato's regional boundary; and
- ✓ the variety of geothermal characteristics with "Protected Geothermal Systems" as defined in the Waikato Regional Plan and other geothermal systems within the Environment Waikato's regional boundary; and
- ✓ aquatic habitat and amenity (including rivers, lakes and wetlands), water quality or fishery values in the upper Waikato River catchment area (Lake Taupo outlet to Ohakuri Dam).

The key objective of the Trust is to *effectively and efficiently allocate the Trust funds to achieve the maximum environmental benefits through projects which comply with the purpose of the Trust.*

CRITERIA FOR FUNDING

The Trust has three main criteria for funding environmental mitigation projects. Applications for funding are required to demonstrate how a proposed project will satisfy the criteria. The criteria can be found on *Page V* of this application form.
